

NUBIAN SKIN LINGERIE

Recommended by Valerie Pierre

A nude bra and skin tone hosiery are the basics of every woman's wardrobe, at least in theory. For many women of colour, finding suitable skin-tone hosiery and lingerie has not been an option. Frustrated by the lack of skin-tone choices to go with her ever-expanding wardrobe, Nubian Skin launched with a carefully edited collection of lingerie and hosiery to provide the essential underwear needs of women of colour. So for all you beautiful women, next time you need a nude pair of hold-ups or maybe a nude strapless bra to go under that stunning white halter dress, Nubian Skin is only a few clicks away. www.nubianskin.com
